POWDER COATING SERVICES ELEVATED

Once per quarter, we digest relevant news of the powder coating industry, and how our company continues to grow; meeting and exceeding demand.

Performance Powder Coating has been serving the industrial community in Central Florida since 2012. As a team of professionals we take pride in the work we deliver, handling industrial level machinery and commercial equipment. Our 15,000 sq. ft. facility with dual 30-ft ovens, is the best choice to handle your next project.

THE BIGGER THE BETTER.

PPC: PRODUCTS FINISHING MAGAZINE TOP SHOPS 2021

Either thanks to or in spite of the events of the last year, the beginning of 2022 is finally upon us. It is a time of reflection, gratitude, and celebration. We at Performance Powder Coating would like to thank our team, clients, and partners for their loyalty and steadfast efforts throughout.

We can't do what we do without you. We are also grateful for our accomplishments and the recognition we've received. The latest of which reaches new heights.

Performance Powder Coating has been named a 2021 Honoree in Products Finishing Magazine's Top Shops Survey for Liquid and Powder Coating. Premiering new improvements to the program this year, the selection criteria better utilizes legacy data, so as we continue to grow and expand, so too will our reputation in the Top Shops echelon. Thank you again to everyone that helped put us there.

COMMUNITY SPOTLIGHT

This segment is devoted to bringing you the latest in news and industry here in Central Florida that impact our business.

YEAR IN REVIEW 2021

Product's Finishing also selected a photo we captured of our project with Everest Ice & Water Systems, to include in the "Photo Finish" segment of their online magazine. Locally, the City of Longwood also named PPC as their Top Shop in Powder Coating 2021, and we thank them for that honor.

Continuing our year in review, we at Performance Powder Coating have boasted the slogan *Bigger is Better* for some time now. However, over the past year, we have been developing an online presence to equal our offline scale.

We have released a new website and social media channels and have seen a massive reception from our audience and substantial increase in our search appearance. While this has already exceeded expectation, we continue to push back the goal posts and substantiate our continued commitment to quality services on and offline.

This includes building verified review profiles with Google Reviews and BBB.org. Please take a moment to visit either of these sites and share your experience with the online community.

COMPANY UPDATES

Now, more than ever, we are constantly optimizing the way we provide service to our clients. We handle the logistics from pick-up to delivery, so that you can focus on managing your project.

Local pickup and delivery is always free.

HAPPY 2022 FROM PERFORMANCE POWDER COATING

Throughout the year, we all have seen many ups and downs, but, together, we have pulled through and come out stronger on the other side. In 2022, we renew our commitment to quality services and developing our position as Central Florida's standard for industrial and commercial powder coating. From our family to yours, we wish you a happy and safe start to the new year.
